FOR CAFÉS, RESTAURANTS AND CLOUD KITCHENS

Scan. Order. Pay.

A QR menu, table ordering and UPI payments that go straight to your bank account. Your kitchen gets every ticket on a live screen, and you see whether today made money.

- **₹0** commission on orders
- No hardware to buy
- No app for guests
- **7-day** free trial

HOW ONE ORDER WORKS

From the table to your bank. No paper slips.

1

Guest scans the table QR

The menu opens in their phone's browser. In English or Hindi.

2

Orders from their phone

Photos, veg and non-veg marks, add-ons. No waiting for a waiter.

3

Pays by UPI or cash

GPay, PhonePe, Paytm. The money lands in your own account.

4

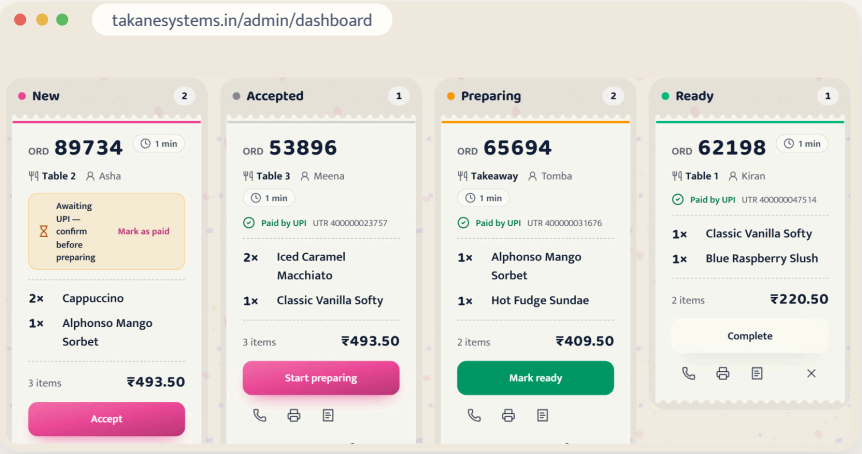

Kitchen gets the ticket

It appears on the live screen with a sound. Mark it ready in one tap.

LIVE KITCHEN SCREEN

Every order, in order.

Orders move from New to Ready in one tap each. Paid orders show the UPI reference, so staff know what's paid before they cook. Runs on any phone, tablet or laptop you already have.

Real app screens, shown with demo data.

Paid straight to you

Guests pay your own UPI ID. The money never passes through us.

No commission, ever

One flat monthly price, however busy you get.

Your data stays yours

Never sold, no ads, never used to train AI.

No auto-renewal

We remind you before a plan ends. Stop anytime.
